About Us

As part of the Catering Crazy group, Coffee Crazy specialises in providing espresso coffee bars for any event. We already provide a wide range of corporate entertainment through our parent company JARM Amusements, our coffee carts are designed to provide a sophisticated additional service.

Gourmet coffee is one of the fastest growing markets in the U.K., but sadly many people have never tasted a proper cup of espresso, or one of the myriad of drinks derived from it. Instant coffee is as far removed from espresso as the space shuttle is from a bicycle. We provide a range of different units fitted with integral water and waste systems, along with refrigeration units and even electricity generators when needed.

Our core business is corporate entertainment where the coffee units are hired from us (along with a trained barista and all of the ingredients). We do however also attend many outdoor events, charity events, weddings, private parties and other functions. If you have any event that is expecting large numbers of people, we may be able to provide a cart on a commission basis, that is we charge the public for their coffee and then pay you a percentage of the takings.

Additionally, the Catering Crazy group can provide a range of other catering services, including ice cream, popcorn, candy floss, crepes, mulled wine and hot food.

Corporate Events

Do you want to maximise your sales?, offering gourmet coffee to potential clients not only helps to get them into your store/showroom/exhibition stand, it helps to leave a lasting impression.

We have a number of packages available for corporate events, weddings, parties etc. These range from a manned cart with 100 servings of coffee to deals with unlimited servings.. This enables you to tailor the espresso package to suit your budget, obviously a company hiring the cart for an all day exhibition requires a different package to someone organising a small family wedding, and wanting to offer a non alcoholic alternative to the usual beverages.

We use Fairtrade coffee beans as standard, helping to provide sustainable development in the third world.

Generally we use disposable cups for our coffee, however at an exhibition or an event such as a premier ball, we would be able to arrange for the use of 'real' cups.

Public Events

We regularly attend public and charity events with our range of Victorian style catering carts. If you are organising an event and would like a gourmet coffee cart or perhaps fun food such as popcorn and candy floss, feel free to contact us.

We can negotiate either a fixed pitch rent for attending your event, or we may be able to work with you on a percentage basis.

In addition to our range of catering units, we are also able to offer a full range of funfair attractions, everything from a hook a duck stall to the latest white knuckle thrill rides.

Visit our website www.funfairgames.net for further details of what may be available to attend and enhance your event.
